

## ADNAMS PROSECCO DOC. 11%

The Adnams Prosecco works as a first-class aperitif or the perfect fizz for any occasion. We work closely with our partner winery in Italy to ensure the consistency of the Adnams Prosecco year after year, we couldn't put our name to it if we weren't 100% confident in the quality. Made from the Glera grape in the heart of prosecco country, just sit back, close your eyes, and be transported to the beautiful landscapes of Veneto.

At Adnams we like to celebrate and as Prosecco is the perfect fizz for any occasion we have sourced a truly great example to put our name to. Our chosen Prosecco comes from the Veneto region of Italy, in the Prosecco region. Made from the Glera grape it has the aromas of ripe apples and fresh, bright flavours of pears and white peaches and a vivifying sparkle. The perfect apéritif and the essential ingredient in a Bellini cocktail.
