Product Detail

Description	Kraft multi-food boxes are ideal for foods such as fish and chips, fried chicken, chicken wings, or loaded nachos. They are made from recycled material and are recyclable and commercially compostable. Their sturdy construction makes them easy to stack and their simple closures make them quick to fill. The lids enable heat retention whilst on display and in transport. They also nest for space efficiency and are delivered preformed. Available for custom print. Recyclable and compostable.
