<u>Box Contents</u>	48 x 85g = 4.08kg
<u>Box Size</u>	390 x 310 x 85 mm
<u>Coding and Labelling</u>	Product information, including a unique product code, is printed directly onto each box, or applied via a printed tape or label. Each box has an inkjet code containing production and freeze date, time and best before date.
<u>Date Code Format</u>	Best Before DD/MM/YY Produced & Frozen On DD/MM/YY Time
<u>Barcode-EAN Number</u>	5060130675870
<u>Storage</u>	Store at – 18°C or below
<u>Distribution</u>	Distribution by freezer vehicle at – 18°C or below
<u>Shelf Life</u>	12 months from the date of manufacture Minimum life into depot 270 days
<u>Packaging Weight (avg.)</u>	Box, poly bag and interleaves = 0.30kg
<u>Pallet Layout</u>	No. Cases per layer: 10 No. Layers per pallet: 17 No. Cases per pallet: 170
<u>Full Pallet Weight (Excluding Pallet)</u>	Equivalent to: Box contents + packaging weight x cases = 744.6 kg approx.

<u>Microbiological Data</u>	<u>Max cfu/g</u>
E. coli	499
Staph. aureus	4999
Coliforms	4999
Aerobic Colony Count (ACC)	4999999
Salmonella	Absent in 10g

Thawing Instructions:

Put the frozen burger pucks in a refrigerator. Allow the burger pucks to thaw in the refrigerator for 12 to 24 hours. Once thawed, cook the burger pucks within 24hours.

Cooking Instructions

For best results place the burger puck on the hot surface, use a press or flat spatula to press the burger puck into a thin patty. Turn occasionally until no pink colour remains and all juices run clear. Ensure the patty is thoroughly cooked to achieve a core temperature of at least 75°C.

Caution: This product contains raw meat. Although every care has been taken to remove bones, some may remain.

Origin

Beef is purchased from approved licensed premises from non-UK countries.

Only GMO-Free ingredients are purchased.
