Product Description

Brand

San Pellegrino

Features

- San Pellegrino sparkling water is the jewel of sparkling mineral waters flowing from a natural spring in the San Pellegrino Terme area, nestled in the foothills of the Italian Alps
- Sparkling water selected by the best chefs and sommeliers around the world
- It has made its presence known thanks to its unique taste: gentle bubbles, subtle nuances and perfect mineral balance.
- Since 1899 it has been a premium and iconic brand, synonymous with style and Italian taste, worldwide renowned for its ability to enhance the overall dining experience.
- This fizzy water is there to refresh those precious moments shared with friends and family at home.
- We are committed to the sustainable management of the water and our source in San Pellegrino Terme is certified with the Alliance for Water Stewardship (AWS)

Brand Marketing

Since its foundation in 1899, San Pellegrino has been an iconic symbol of Italian style, fine food and fine living. It stands proudly on tables of some of the world's most famous restaurants, and it does it all with that certain sparkling style and typical Italian elegance.

San Pellegrino is dedicated to protecting the source of its unique taste by looking after the planet, managing resources sustainably and respecting the environment.
