Product Marketing

Captain Morgan Original Spiced Gold is a premium spirit drink made with the finest Caribbean Rum expertly blended with adventurous spice and natural flavours.
Easy to mix and deliciously smooth.

It's the complex blend of spices, maturation in charred American white oak bourbon barrels and natural fruitiness of the rum that gives our spiced spirit its rich colour and aroma. Notes of rich natural vanilla, brown sugar, dried fruit, warming spices and hints of oak come together to create a perfectly balanced spirit with a smooth finish.

The complementary notes in cola make Captain Morgan Original Spiced Gold the perfect spirit to serve with cola. The legendary mix is best served in a tankard over ice with a slice of lime.

Captain Morgan Original Spiced Gold makes a Mojito with fire in its belly. The flavours also match well with lemonade, apple juice or with ginger ale.

Captain Morgan was a real life person in the 17th century Jamaica. Starting out as a buccaneer, later becoming a captain and ending up as the governor of Jamaica,

Preparation and Usage

The Legendary Captain & Cola™
25ml Captain Morgan Original Spiced Gold
100ml Cola
Lime Wedge
One serving contains 0.9 grams units of alcohol

60 servings in every bottle

Manufacturer's Address

Captain Morgan Rum Co.,
Lakeside Drive,
Park Royal,
London,
NW10 7HQ.

Type	Spirits
ABV	35%
Units	52.5
Tasting Notes	Blended to an age-old recipe, Captain Morgan is the product of Caribbean sugar cane; its dark colour and rounded caramel and vanilla notes making it deliciously recognisable. After being triple distilled, Captain Morgan is matured in charred American oak barrels that help to create its distinctive dark qualities, rich layers of flavour and harmonious blend of clove and caramel notes
Serving Suggestion	Captain Morgan works brilliantly with a wide range of mixers, particularly lemonade and ginger ale; juices such as orange, apple, cranberry and pineapple; and cola, where its vanilla flavours are deliciously accentuated

52.5 UK Units per bottle

UK Chief Medical Officers recommend adults do not regularly exceed:

Men 3-4 units a day

Women 2-3 units a day
