

How to start using your Bag-in-Box®?

1. Place the box on its back so that the pre-cut circle is facing upward

2. Press the pre-cut circle, lift up the perforated tap and take out the tap

3. Put the tap into cut-out, refit it and close the flap

4. To pour press both wings with your fingers

When Finished

Good news: your Bag-in-Box® is recyclable!

Open the box
and take out
the bag

Place the box in the bin
for recycling cartons
and the bag in the one
for recycling plastics
